👤 PROFILE

As a recent graduate student in EXTC, I am excited to secure a entry level position that will allow me to apply my theoretical knowledge and develop practical skills. I am enthusiastic about contributing to innovative projects learning from experienced professionals and furthering my career in IT industry.

📁 PROFESSIONAL EXPERIENCE

02/2021 – 02/2021	Python Developer Intern (Dezignolics Web and Software Solutions) Learned key concepts like OOPS, basics of file handling, Pandas and Numpy. Developed practical skills in problem solving and coding through hands-on exercises and project.	Mumbai, India
-------------------	---	---------------

🎓 EDUCATION

2019 – 2023	K.C.College of Engineering and Management Studies and Research, <i>Bachelor's of Engineering (EXTC)</i> (80.63%)	Mumbai, India
2018 – 2019	DMJC, HSC (80.63%)	India
2016 – 2017	Shri Sadguru Sitaram Maharaj Vidyalyaya, SSC (90%)	India

🧠 TECHNICAL SKILLS

1. Web Development

HTML/ CSS, React, Angular, Node

2. Database

MongoDB, SQL

📜 CERTIFICATES

- PCAP: Programming Essentials In Python
- Front end development-HTML
- The Complete 2023 Web Development Bootcamp

📁 PROJECTS

1. Online Shopping App

I developed a dynamic online shopping app using cutting-edge technologies such as React for the frontend, Node.js and Express for server-side development, MongoDB for database management, and REST APIs to facilitate seamless communication between components. The application provides users with a responsive and intuitive interface, ensuring a smooth and enjoyable online shopping experience.

2. QR Generator

Created a QR generator using Express and Node.js, where users input a link, and the system swiftly transforms it into a QR code. This streamlined project simplifies link sharing through QR codes, enhancing accessibility and user convenience.

3. Pet House UI

I designed a captivating pet house UI webpage using HTML and CSS, showcasing a diverse range of pets and related products. The interface offers a seamless browsing experience for users interested in adopting pets or purchasing pet-related items.
